

# Gee. And we thought we were just doing our job.

Four different safety categories. Four awards, including the NTTC Outstanding Performance Trophy. Our people didn't set out to win awards for our safety initiatives. But every day all 5,000 members of the Trimac family set standards for performance that make these awards possible. In fact, we have carefully designed and implemented several new processes to build on our longstanding attention to safety. For more information about Trimac's safety initiatives, please contact Barry Davy at 800-677-4504, ext. 5160 or visit [www.trimac.com](http://www.trimac.com). At Trimac, safety is no accident.

*Invested in your journey.*
